COOK DIDN'T REACH POLE, IS PEARY'S OPINION

Don't Take Him Seriously, Commander's Message Sent to World

NEVER OUT OF SIGHT OF LAND, IS CHARGE

Officer Quotes Eskimos as Saying Rival Didn't Go Very Far North

PORTLAND, Me., Sept. 8.—The text of the message to Mrs. Peary advising her not to worry about Cook as learned here today, was as follows:

"Indian Harbor, Labrador, via Cape Ray, N. F. Good morning. Delayed by gale. Don't let Cook story worry you. Have him nailed. (Signed) BERT."

LONDON, Sept. 8.—The Reuter Telegram Company has received the following cablegram from Commander Peary dated Indian Harbor, Labrador:

"Cook's story should not be taken too seriously. The Eskimos who accompanied him say he went no distance north and not out of sight of land. Other men of the tribe corroborate their statements. (Signed) PEARY."

HALIFAX, Sept. 3.—A dispatch received here from Blanc Sablon, the western point of the Strait of Belle Isle, says that the steamer Roosevelt with Commander Peary on board, arrived there today. No particulars are given.

There is a telegraph station at Blanc Sablon in summer.

SOUTH HARPSWELL, Me., Sept. 8.—Mrs. Robert E. Peary received a second message early today from Commander Peary stating that he had been delayed at Indian Harbor, and that she need not worry about Dr. Cook.

NEW YORK, Sept. 8.—The text of Commander Peary's message to his wife was made public here today as follows:

"Delayed by gale; don't worry about Cook. Eskimos say Cook never left sight of land. Tribe confirms. Meet me at Sydney. (Signed) BERT."

HALIFAX, N. S., Sept. 8.—A message received here today from Red Bay, Labrador, says that the Roosevelt, bearing Commander Peary's North Pole expedition is short of fuel, having missed the supply ship sent from New and found several weeks ago, and she left Indian Harbor this morning going at the rate of about five knots an hour.

The ship is battered and may be burning some of her wood work for fuel. It is expected that the vessel will reach Red Bay tomorrow and take on coal, and that Commander Peary will report from there.

Chateau Bay, where the Roosevelt was expected to call on her way from Indian Harbor, is miles west of Chateau Bay.

FAITH IN COOK. COPENHAGEN, Sept. 8.—The guard despatched to the North Pole, and the public opinion of the world, is still in the hands of the public. The public opinion of the world is still in the hands of the public. The public opinion of the world is still in the hands of the public.

HARRIMAN IS BETTER, HIS PHYSICIAN ASSERTS

Resumption of Work on His Mansion Indicates That Condition is Improved

VITALITY BELIEVED TO BE VERY LOW STILL

Dr. Lyle Sends Terse Note to Press and Declares it Last by Him

ARTISTEN, N. Y., Sept. 8.—Edward H. Harriman's condition was not so grave today as to demand absolute quiet. Work was resumed by the 200 men engaged in completing his magnificent estate at Tuxedo hill. The wheels of the steam engine about 200 yards from the sick man's chamber, which surrounded these men to work, never blew a more welcome blast than that which sounded over the Ramapo valley at 6:10 a. m.

This engine operates the steel cables that haul the cars of the incline railway connecting the house with the foot of the hill and the railroad. At 6:10, 6:25 and 6:45 it let off three long blasts and shortly afterward the first cars were seen creeping up the steep grade and the same nervous resumed work on the massive walls of the house.

NO CHANGES.

There were few within sight of the house that were out over the valley from Asien House last night who did not believe that the master of all its magnificence lay gravely ill. While Dr. Lyle did not talk with visitors late last night, he said word that there was no occasion for a fresh bulletin because there had been no change in Harriman's condition since the announcement of his relapse Sunday night. That statement included the assertion that Harriman was recovering and in no immediate danger.

No one, however, contradicted the belief that Harriman was a very sick man. His collapse on the estate would hardly have been so complete if he were not so seriously ill.

VITALITY LOW.

When Dr. Harriman reported yesterday this condition, he was expected to be recovered by the general state of his health and the state of his mind. There is no doubt that his vitality is very low.

A telephone call to Dr. Lyle, brought a statement from Harriman's doctor that there was nothing to announce at this time but that a statement would be issued from his New York office some time today.

A terse statement was obtained from the doctor in line with his previous announcement. It was simply: "Mr. Harriman is better today. DR. W. G. LYLE."

GEORGE MACKINNON FINDS A \$52,000 SHORTAGE IN JOHN DE LANCEY'S BOOKS

GEORGE GRAY, Public Administrator of Alameda County, Who Will Probably Be Removed from Office for Incompetency.

Experts Records in Public Administrator's Office and Startling Discovery Results From Investigation.

"I will go out and kill the —" Before the Grand Jury in its investigation of the forgery and other irregularities in the office of Public Administrator Gray, these words were sworn to by A. J. Flood, former clerk of the office, who is now under indictment for forgery, as having been spoken to him by John De Lancey, former attorney for the Public Administrator, who is under four indictments and referred, according to Flood, to George G. MacKinnon, the brother-in-law of De Lancey.

To Flood, according to his testimony before the same body, and referring to himself, De Lancey said:

"You keep still or I will get you. If I don't somebody else will."

This statement was made to a representative of THE TRIBUNE this morning. It was the first statement since the news of the relapse was made public. The statement was made to a representative of THE TRIBUNE this morning.

WANTED A CHANCE. MacKinnon, according to the views of MacKinnon, that De Lancey's alleged forgery was inspired by the desire to know his father-in-law, W. L. MacKinnon, who is one of the wealthiest men in this city, that he could make as much money as he could in the office of the Public Administrator.

GRAND JURY TO ASK THAT THE OFFICIAL BE RELIEVED OF DUTIES

District Attorney Seeks to Prove Whether or Not He Illegally Made Use of Funds in Trust.

Because of his incompetency, shown by his statements before the grand jury and supported by the condition of affairs unearthed as the result of the present investigation, Public Administrator George Gray is to be removed from office.

The grand jury is to meet again Friday, and it is said upon the best authority that the jury will make a partial report to Superior Judge Brown, the main feature of the report being the recommendation that steps be taken to remove Gray as Public Administrator on the ground that he is incompetent.

It is also stated upon good authority that Administrator Gray may be indicted by the grand jury, although his steadfast statement is that he has not profited by his own acts or by the acts of his subordinates in office.

Grand Jury May Indict Administrator

District Attorney Donahue states that if he can secure the proper evidence against Gray, showing that he really did commit a felony, he will present the facts to the grand jury, and no doubt an indictment will be returned.

It is reported that Gray used money in estates pending settlement to invest in mortgages on property located in different parts of the State, and that when the recent court order came for him to turn his funds over to the county treasurer, he had a hard time to secure funds to balance his account.

District Attorney Donahue states that Administrator Gray will be held liable under a surety bond for all shortages which may be discovered in the administrator's office.

Others May Also Be Indicted by Grand Jury

Much more work is to be done by the District Attorney and the grand jury in regard to the Public Administrator's office, and it is reported that other indictments are to be returned.

It is said that the District Attorney is striving to secure sufficient evidence against one or more parties not connected with the Public Administrator's office, who are alleged to have benefited by the misconduct of those in charge of the office.

From the best information that District Attorney Donahue has at present, both Attorney John S. De Lancey and A. J. Flood intend to make a legal battle to defeat the indictments that have been returned against them by the grand jury in connection with the public administrator's scandal. De Lancey is still defiant and as such is told the district attorney to go ahead and prosecute him.

GRAY WILL BE OUSTED. That the public administrator will be forced to vacate the office seems now to be assured, and that he will be held responsible for all the shortages in his office is equally certain. Whether or not he will be indicted as for the future to determine. If there is any law upon which the grand jury can base an indictment the "true bill" will be forthcoming. This is a matter which the district attorney is now trying hard to decide. There is plenty of evidence to be had through civil proceedings, and it will be had in due time, but as to criminal prosecution, the district attorney has not yet been able to give an opinion. It is, in fact, he has already found one.

With reference to the public sale of real estate in the public administrator's office, the public administrator has been ordered to sell the real estate of the late John J. Smith, who died in 1908, and in January, 1909, Attorney J. A. MacKinnon, brother of the late John J. Smith, was appointed administrator of the estate of the late John J. Smith.

MacKinnon, according to the views of MacKinnon, that De Lancey's alleged forgery was inspired by the desire to know his father-in-law, W. L. MacKinnon, who is one of the wealthiest men in this city, that he could make as much money as he could in the office of the Public Administrator.

AWARD CONTRACT FOR NEW SEWER TAFT HAS TALK WITH BALLINGER

San Leandro Residents Also Settlement of Controversy in Protest Laying of New Sewer in Sight

With reference to the award of the contract for the new sewer, the Public Administrator, Frank Taft, has had a long talk with Ballinger, the engineer in charge of the project. The contract was awarded to the lowest bidder, but the residents of San Leandro are protesting the laying of the sewer in their neighborhood. They claim that the sewer will be a nuisance and that the land is not suitable for the purpose. Taft has been trying to settle the controversy, but the residents are not satisfied. They want the sewer to be laid in a different location, but Taft says that is not possible. The matter is still under discussion.

FICKERT CLAIMS HENRY WASN'T NOMINATED

Begins Legal Contest to Keep Prosecutor Off Democratic Ticket

ACCUSES ELECTION OFFICERS OF FRAUD

Wants Ballots Recounted, Declaring He is Ahead of Opponent

SAN FRANCISCO, Sept. 8.—Charles M. Fickert is contesting Francis J. Henry's right to the nomination for district attorney on the Democratic ticket.

Fickert, through his campaign manager, George Hewlett, applied to the Superior Court yesterday for a writ of mandamus to compel Registrar Zemanovsky and the election commissioners to recognize him as the Democratic nominee.

Presiding Judge Cabanis, however, whom the petition was filed, issued an order returnable before Judge Murray on the morning of September 17th.

VOTES UNCOUNTED, IS CHARGE. The petition recites that wrongful acts were done and committed by several of the various judges and clerks of said primary election and by the said Registrar of Voters and by the said Board of Election Commissioners.

The petition recites that the said Charles M. Fickert was not counted, and that the said votes which the said Charles M. Fickert counted amounted to 104 votes, or more.

The complaint goes on to charge that although 2385 Democratic votes were credited to Henry, against 2293 votes for Fickert, a rightful count would have shown Fickert's vote to be 2402.

It is charged, also, that in the One Hundred and Twentieth Precinct, two votes were counted for Fickert, and that in the Seventy-ninth a vote for Henry for treasurer was counted for him for district attorney.

SEEKS RECOUNT. The prayer of the complaint is that if it be found necessary, the Democratic ballots cast on primary day be recounted.

The contest was considered last night at a meeting of the Henry campaign committee at headquarters in the Lick building. Both Henry and Fickert were present.

The matter was referred to the committee on laws, consisting of Matt Sullivan, Hiram Johnson and Henry Fickert.

Sullivan expressed the opinion that a contest at law would not hold, for the reason that Fickert, being already the acknowledged candidate of the Republican party, had lost his right to nomination at the hands of any other party.

Frenzied Finance and 'Bloated Plutocrat' in Lion and the Mouse

Florence Oakley at Ye Liberty

In these days of frenzied finance, when millionaires are assigned at the bar of public opinion, and asked the embarrassing question, "Where did you get it?" such plays as "The Lion and the Mouse" must have more than ordinary interest for the theater-goer.

As a shrewd endeavor to make a drama out of the financial situation, "The Lion and the Mouse" is especially noteworthy.

The "Lion" is John Barrett, a man who has various characteristics of a justifier of the Supreme Court, who is about to be run by the people.

There is little about the Liberty's presentation of "The Lion and the Mouse" to indicate that it is being given by a new playhouse.

JNO. P. IRISH COMMENTS ON PREACHERS' UNION

It is to be hoped that Mr. Gray will discern the propriety of promptly resigning the office in which he has so miserably failed. If he does not he will give still more convincing proof of his unfitness to hold it. The duty of District Attorney Donahue will then be plain. He should proceed without delay to remove the Public Administrator's office from the control of incompetent to competent hands.

Middle West readers of the account of the lone bandit's exploit would, of course, be greatly surprised to hear of such a thing occurring in this section. But they understand that the East is not so fortunate in this regard and that such things are to be expected from time to time while the present war and woeful conditions prevail.

The people of that section must realize that such lawless acts as train robbing and other frontier exploits can not fail to bring the East by discrediting immigration and its investment of Western capital. Then why do they not do something? If the regular effort

inspires the dweller in peaceable, advanced and civilized sections like the Middle West with a profound sense of gratitude to the adventurous outlaw, man the East will all its willpower and willingness, no doubt, has its attraction. But the man with a family to protect and rear looks at the question differently.

Some day, of course, the East will get over its present primitive stage and the lawless acts of the great common carriers will not be constantly mentioned in the language of attacks from lawless persons. But the day seems long in coming.

The Bible was written for grown people by grown people. Some portions are unsuitable for children; others are unsuitable for the full grown youth. A few portions are suitable for both, but while books and portions of the Bible as well as parable universes have a little relation to present day life that they serve no purpose for the education of the young.

This is a statement by Clyde Weber, director of the University of Chicago in an article in the *Bible and World* for September, which appeared yesterday.

The United States says Mr. Weber estimates 1,000,000 children of the Bible. There are 140,000 Sunday schools. There are 140,000 Sunday school members. The Sunday school must for

ing up of high ideals, the instilling of principles of true living, the cultivating of right feelings and motives, the development of a good conscience, a clear intellect and a capable judgment."

Mr. Weber explains how children obtain false impressions concerning their religion, and cautions them these wrong "ideas" which all through life. He believes that the Sunday school should be a school of religion and morality, where the love of God is first, reverence, obedience, prayer, worship and joy should be taught in all its varied forms. It should be a school of real life, so as to distinguish the good and the bad, and eventually make the boy or girl useful and good.—Chicago Inter-Ocean.

STETSON GIVEN ONE MORE WEEK

Needs More Time to Give Final
Opinion on Granting of
Franchise

When the application of the Southern Pacific Company for a franchise was last night for consideration, City Attorney John W. Stetson asked that he be given another week in which to render his opinion as to whether the council could proceed with the hearing or not.

"I have given the matter very careful attention," said Stetson, "and I am not in a position at this time to give an opinion. The question involved is a very subtle one and one which has not been directly passed on by our own Supreme Court."

QUESTION AT ISSUE.
The question before the council is whether it acquired jurisdiction or not on the filing of the original petition. It would seem from some of the decisions in our state that it is the duty of the council to take testimony as to the signatures of the signers of the petition, just as evidence would be taken in court on the same matter. This was decided in the San Francisco report. The council, however, in the petition before it, did not take testimony and it would seem that any further proceedings would be without the existing legal jurisdiction. If the council did not acquire jurisdiction further action is entirely futile.

GIVEN MORE TIME.
"I will, however, ask for a week's more time. I am informed that an extension of time is agreeable to the attorneys for the petitioners and the attorneys for the railroad company."

The council then granted Stetson the further time asked.

**PASS LAW REGULATING
MOVING PICTURE SHOWS**

An ordinance regulating picture arcades, nickelodeons and places where moving pictures are exhibited was passed to print by the city council last night. The ordinance has the approval of Fire Chief Bell, and of the city clerk.

It has for its object the protection of human life, as well as the protection of property. Seats must be three feet apart from center to center and no more than two feet apart from side to side.

The ordinance also provides for exits and for the lighting apparatus in the building. The ordinance is based on the one in effect in San Francisco at the present time.

CLEAR THE COMPLEXION OVERNIGHT

Pimples, Rash, Eruptions, Etc., Quickly Eradicated by New Skin Remedy.
Ever since its discovery, posium, the new skin remedy, has, in its extraordinary accomplishments, exceeded the most sanguine expectations of the eminent specialists who gave it to the world. It has cured thousands of cases of acne, eczema, eruptions, and other skin diseases of years standing. The terrible itching attending eczema is stopped with the first application, giving proof of its curative properties at the very outset. In less serious skin affections, such as pimples, rash, herpes, blackheads, etc., it acts with even more rapidity. A small quantity being applied, only a small quantity being required to effect a cure. Those who use posium, for these minor skin troubles should immediately secure one of the special 30-cent packages recently adopted to meet such needs. Both the 50-cent package and the regular \$2.00 jar may be obtained at Oakland at the Owl Drug Company and other leading drug stores. Samples for experimental purposes may be had free of charge by writing direct to the Emergency Laboratories, 22 West Twenty-fifth street, New York City.

WEAR MASKS TO VIEW PRISONERS

Slueths Hide Identity While Ocean Shore Railroad Bond Cell Occupants Parade Before Them

SAN FRANCISCO, Sept. 3.—Forty men, their faces concealed behind black masks, maintaining a solemn silence and standing close together along a wall, was the spectacle presented in the city prison at an early hour this morning.

The disguised individuals were Captain of Detectives Anderson and his company of slueths, who, adopting a new departure in criminal procedure in this city, were having the criminals and suspects who had been taken in over night paraded before them. This plan of concealing the features of the upper office men from the criminals whom they are expected to know has been adopted by Chief of Police Cook.

It has long been in vogue in numerous eastern cities, and has always proved effective. The custom will be a permanent one in the local department, and every morning at a stated time the detectives will don their black masks and take their positions. This morning the prisoners were much frightened by the spectacle which was a new one to most of them, but they are destined to get used to it in the event that they are frequently taken into the toils.

RANKIN DEFENSE COMES TO END

Case Expected to go to Jury Friday

SAN FRANCISCO, Sept. 3.—The defense in the case of C. E. Rankin, indicted for the misappropriation of bonds of the Ocean Shore Railroad, closed its case today with the testimony of Worthington Ames, who said that the defendant had informed him that he was buying some bonds. R. G. Hudson, an attorney for Campbell, Metson & Drew, was asked if it were the fact that L. C. Spencer told him that Lynch had informed him that he had Ocean Shore bonds for sale. This was objected to as hearsay, and there were no further queries.

It is expected that the case will go to the jury on Friday. Very little evidence has been offered by the defendant, as against the testimony produced by the prosecution, chiefly through J. J. Lynch, who has been convicted of a similar offense, and who testified under a partial promise of immunity.

ST. LOUIS, Sept. 8.—So much is being printed about Ty Cobb's alleged unfair tactics, that Bob Unglaub has come to the defense of the Diving Tiger. It may look as though Cobb was a dirty player to some folks, said Bob, but it is my honest opinion that he never thinks of putting the spike to one who seeks to block him. He thinks only of getting the bases and is entitled to the wind. He is a fast runner and just as any one else, but he is not with such tricks. Admission Day Will Be Last of Season at Idora-Skating Ends

Idora will don gala attire for the Admission Day celebration who will spend the State's birthday listening to the many musical numbers by Conway's band, watching the Bard Brothers, acrobats, the many other attractions provided by the management for the afternoon and evening.

The musical merit provided by Conway embraces many classical and popular airs, which have found favor with Idora audiences as well as a number of new pieces recently brought from the east. Eighteen band numbers with twice as many encores, four solos and encores, and a number of musical specialties will serve to entertain the music lovers.

Tomorrow will be the final day of skating at Idora. On Friday, scores of skaters will take possession of the big rink and begin the work of making the big building ready for the many exhibits which will be shown during the coming State Fair, which begins September 15. Skating tomorrow evening will be prolonged until a late hour.

Friday evening Conway will play the first of a series of Wagner programs. Half of the program will be devoted to the works of the great composer. Arrangements for the coming Auxiliary state fair are rapidly nearing completion and the management of the park will offer to the people one of the most attractively arranged exhibitions since the days of the famous Mid-Winter Exposition.

CARELESS DRIVER STRUCK BY AUTO

Louis Strauss Drives in Front of Machine and is Run Down

SAN LEANDRO, Sept. 8.—An automobile belonging to M. J. Layman, of Oakland, driven by G. A. Bouny, collided with a horse and cart, in which Louis Strauss and Fred Strauss were seated, the result that both men were thrown to the ground and slightly injured.

Louis Strauss, who was driving at the time of the accident, deliberately attempted to cross the street in front of the oncoming automobile, and before the chauffeur could bring the machine to a stop, the collision had occurred.

One wheel of the cart was smashed and Louis Strauss was thrown to the ground, receiving slight injuries on the left side. Eye witnesses to the affair state that the driver of the horse and cart was entirely at fault as being the slow moving vehicle, he should not have attempted to cross in front of the automobile.

The occupants of the automobile were G. A. Bouny, James Gordon and Mayor Hoyer of Hayward, who had come to San Leandro to attend the meeting last night of the Board of Trustees.

Group is most prevalent during the dry cold weather of the early winter months. Parents of young children should be prepared for it. All that is needed is a bottle of Chamberlain's Cough Remedy. Many mothers are never without it in their homes and it has never disappointed them. Sold by Osceola's Drug Store.

GIANT AUGER IS MATINEE HOST

Afternoon Crowds at Orpheum
Greet Eight Foot High Thespian

Anybody who drops into the Orpheum these afternoons will witness a unique spectacle, for there is being held at the matinees in the vaudeville temple a reception in which Captain George Auger, the tallest actor in the world, and his tiny midlets, do the receiving. Matinee patrons are invited to meet Captain Auger and his little ones up on the stage at the end of the show, and nine persons out of ten in the audience are quick to avail themselves of the invitation. At these stage receptions he gives away souvenir photographs of himself and his company, which are in great demand.

Captain Auger is eight feet high and is known as the tallest of all giants. His mentality is keen and he has plenty of talent as an actor, this being in evidence in his sketch, "Jack, the Giant Killer." The little midlets in his company are both cute and clever, and they make splendid foils for the gigantic captain.

The dozen pretty girls who make up the crowd in Joseph Hart's Bathing Girls are scoring a great hit this week. Nothing so pretentious and elaborate as this musical comedy sketch has been staged in Oakland for a long time.

The remainder of the bill has a mass of novelties of much attractiveness. Next week comes John Hyman and Lella McIntyre in a dainty comedy called "The Quakers." Another big novelty for next week will be Rosa Royal's famous Arabian posing horse "Chesterfield."

HUNDRED STUDENTS SUSPENDED IN WAR ON FRATERNITIES

DENVER, Colo., Sept. 8.—One hundred students of Denver High school, including members of some of the best known and wealthiest families in the city, were suspended yesterday because they declined to sign pledges of renunciation to fraternities, sororities and other school organizations. It is likely that the action of the school authorities will be aired in the courts, as parents of many of the suspended pupils have engaged counsel.

The warfare against fraternities has been on for several years.

the crowd in Joseph Hart's Bathing Girls are scoring a great hit this week. Nothing so pretentious and elaborate as this musical comedy sketch has been staged in Oakland for a long time.

The remainder of the bill has a mass of novelties of much attractiveness. Next week comes John Hyman and Lella McIntyre in a dainty comedy called "The Quakers." Another big novelty for next week will be Rosa Royal's famous Arabian posing horse "Chesterfield."

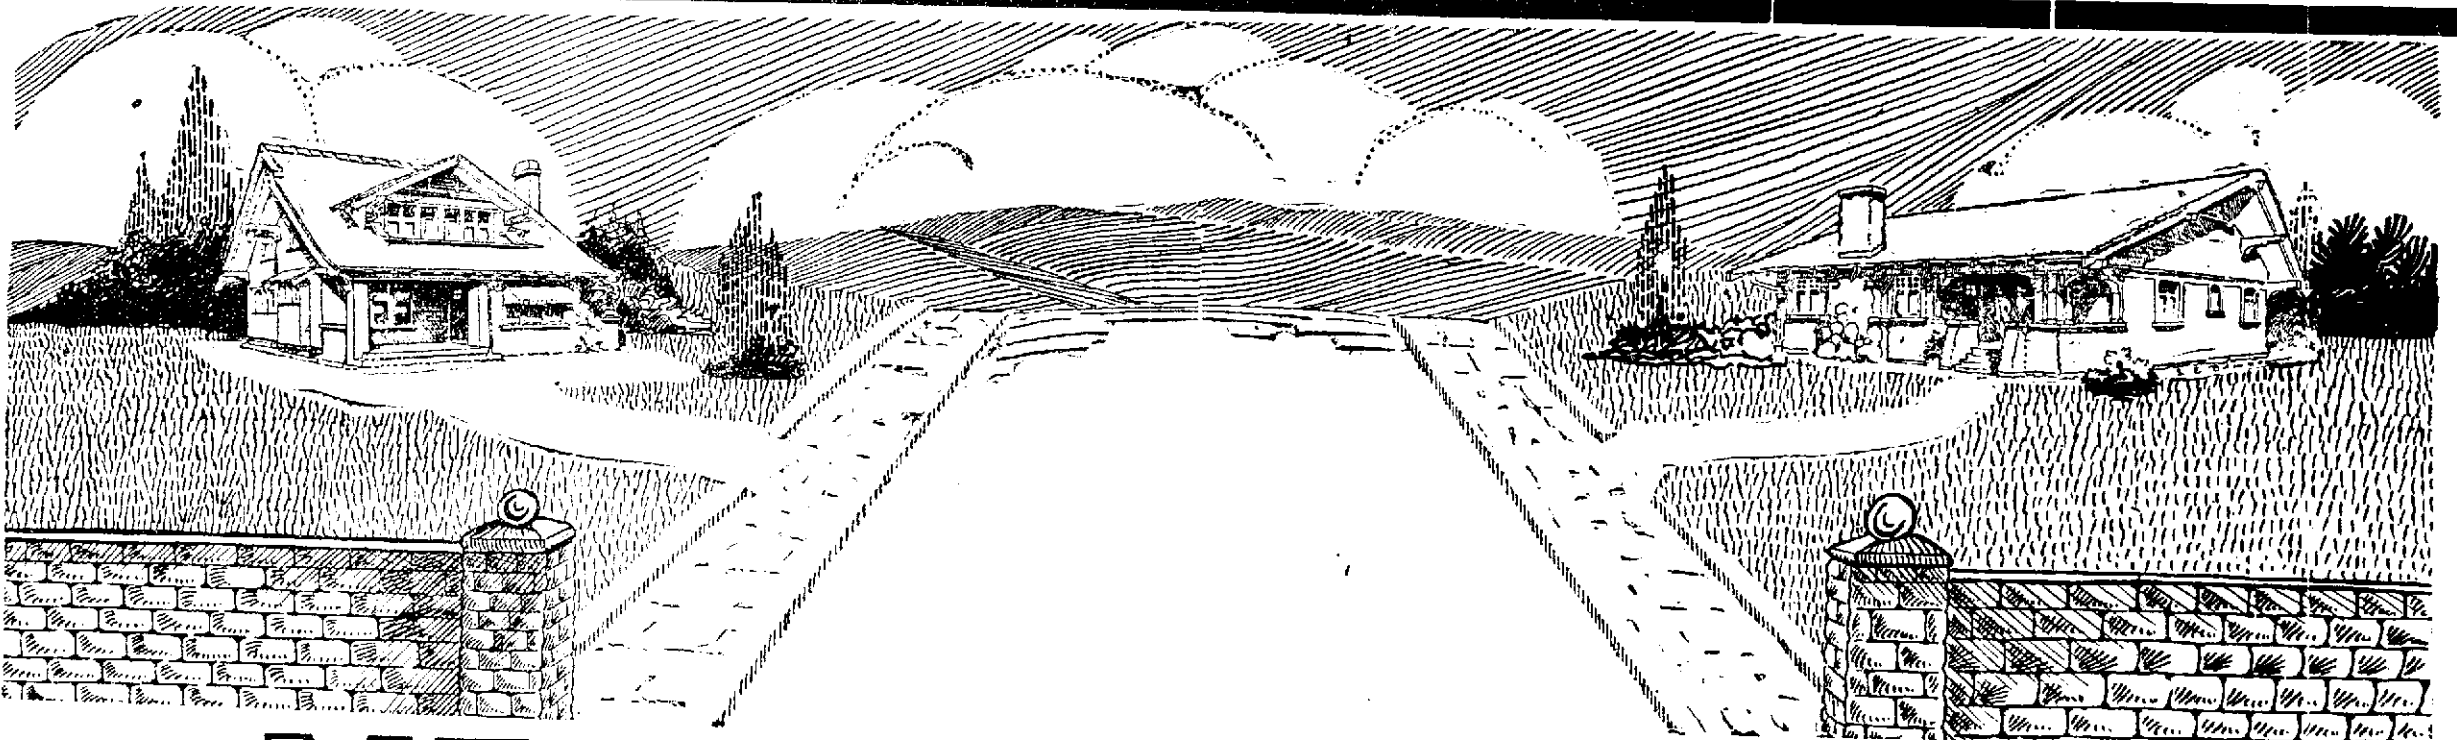

DEMANDS HER ALIMONY.
In the case of Charlotte Lynn against Charles A. Lynn, M. J. Bamphs filed an affidavit to the effect that there is due the plaintiff, who on the 25th of August of last year was given an interlocutory decree \$150 as alimony.
